INSTRUCTIONS

How to Use Flashlight Phonics

Students shine a flashlight behind each ghost card to reveal a hidden letter, then find it on their mat or worksheet. It's a simple routine that feels like a magic trick every time!

Getting Ready

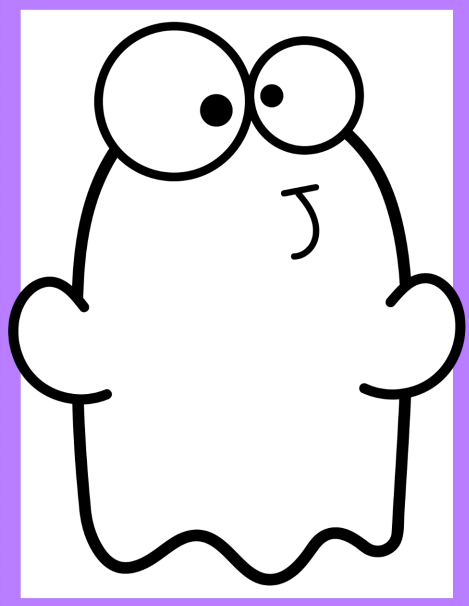

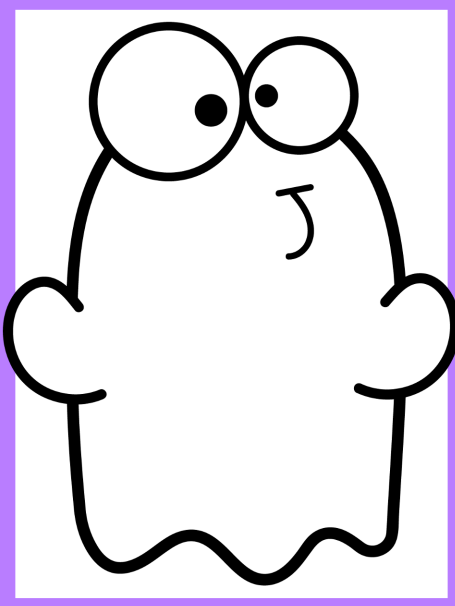

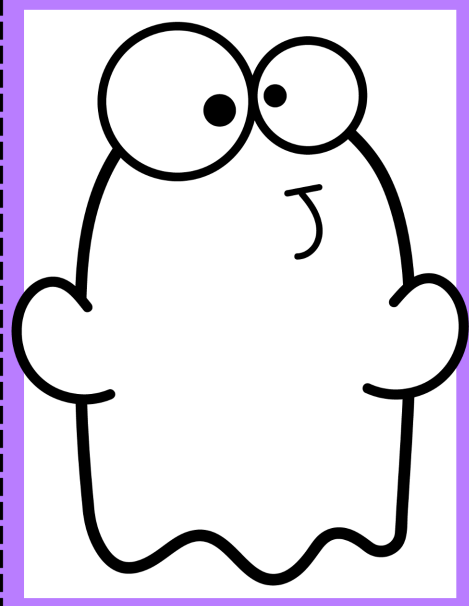

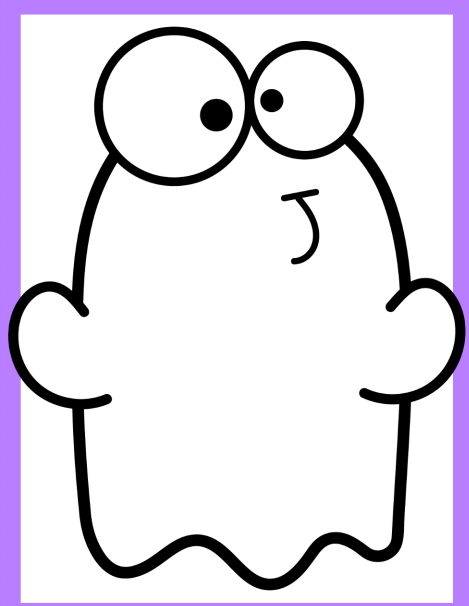

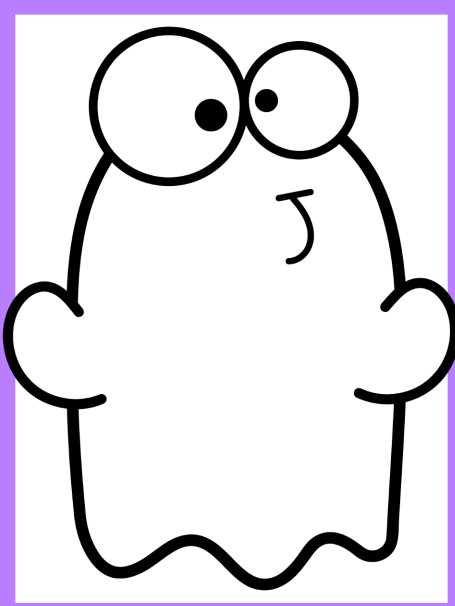

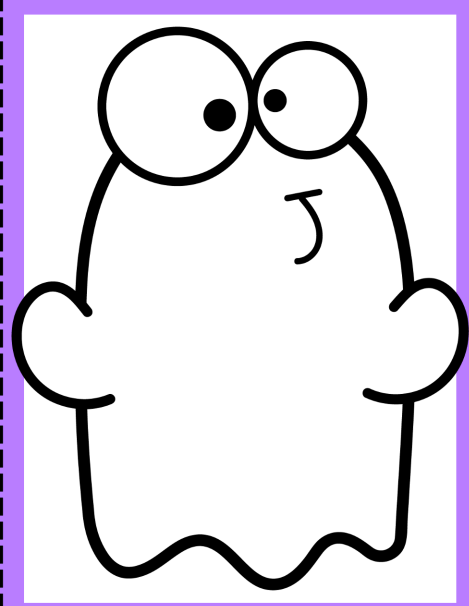

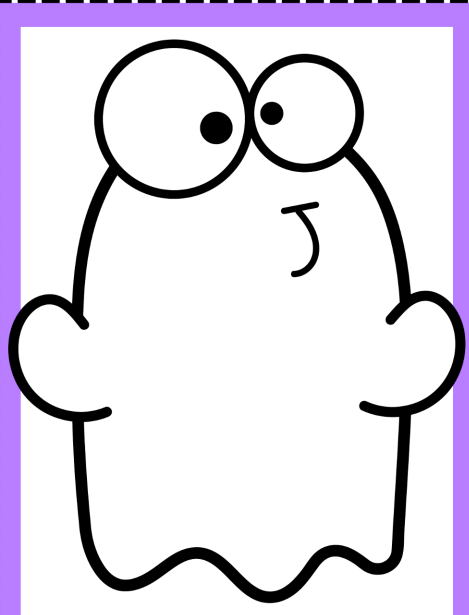

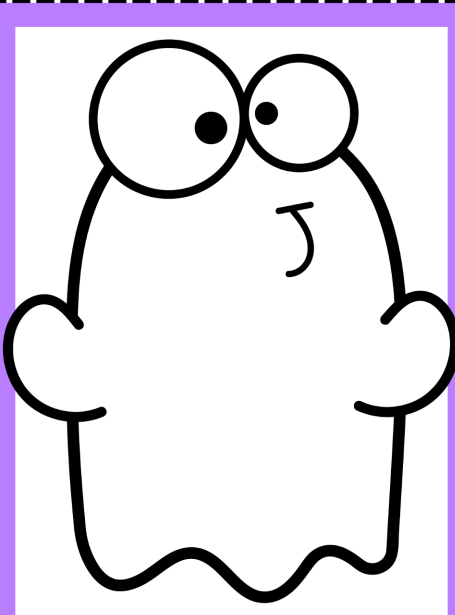

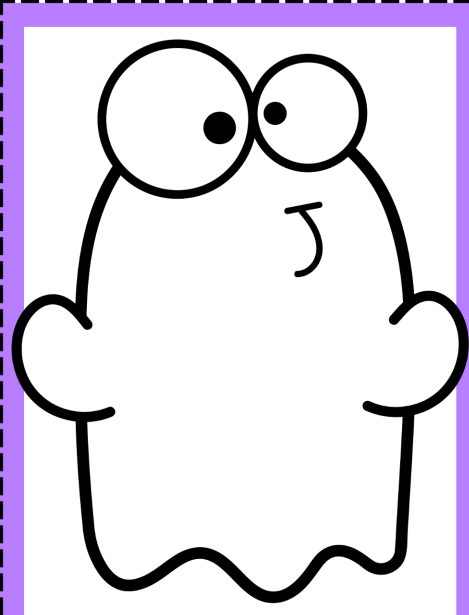

1. **Print the cards.** Each card sheet comes with its own ghost sheet in front of it. Print both on regular printer paper so the light shines through.
2. **Glue.** Glue the ghost sheet on top of its matching card sheet, lining up the edges.
3. **Cut.** Cut out the ghost cards.
4. **Laminate (optional).** Laminate the cards so they last all season.
5. **Print the mats and worksheets.** Print the Find and Cover mats in color and laminate them to use in centers. Use the Find and Color and Find and Trace worksheets in place of the mats or for recording answers.

How to Play

1. Choose a ghost card.
2. Hold a flashlight behind the card to reveal the hidden letter.
3. Find the letter on the mat or worksheet and cover it with a counter, color it, or trace it.
4. Keep going until every card has been revealed!

Teacher Tips

Use the uppercase cards with the lowercase mats (or the other way around) to practice matching uppercase and lowercase letters. A small flashlight works well, and turning off some of the lights makes the hidden letters easier to see.
